Product Code:108778  
aluminium table light

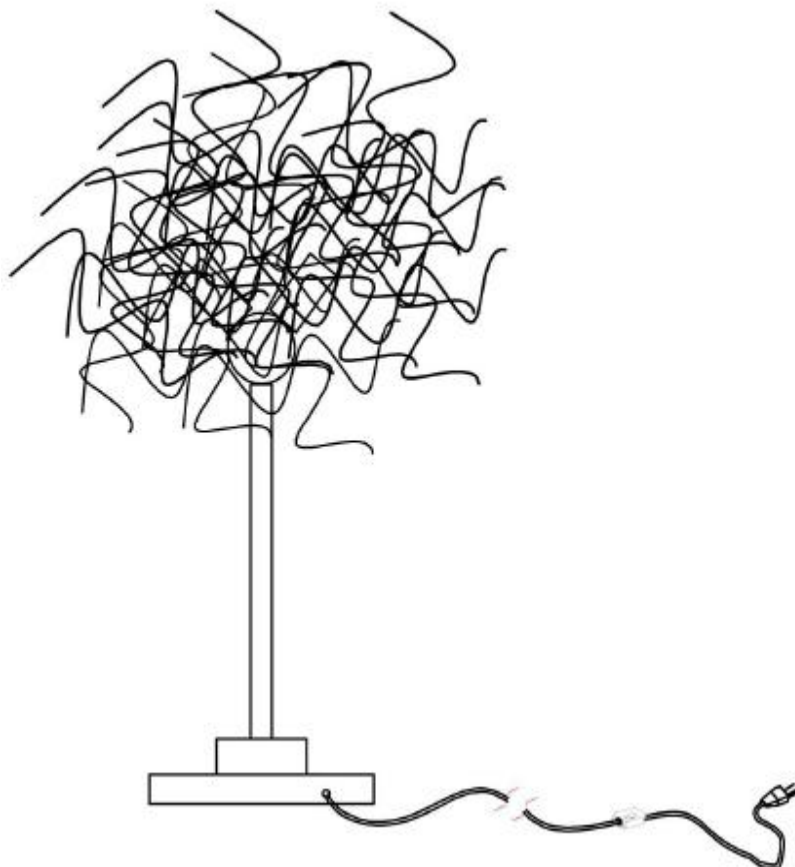

## Installing Sketch Map

### Maintenance

- 1.Voltage/Prequency:220-240V 50-60Hz.  
4MAX25W E14.
- 2.Please wear gloves to install.
- 3.Don't install it on the moist table.
- 4.Turn off the power before cleanout.
- 5.Please wash with the sanitizer without corrosivity.
- 6.Please install according to the installation manual.

### Precautions

Keep the lighting away from acidic chemical solvent,Or the galvanized surface of the lighting will be damaged.

### Attentions

1. Checking – regularly check to cord and all other parts for damage
2. Damaged parts / cables – if parts become damaged or faulty it must only be replaced by a qualified / technically competent person.
3. Lamp holder / bulbs – do not install bulbs with a greater wattage or different shape than specified, as this could cause overheating and damage the fitting.
4. Information – If any modification is made it will invalidate the warranty and render the product unsafe.
5. Cleaning – Turn the power off before cleaning and only clean with a dry cloth.
